## Records Management

ROCE 2410

**Course Length:** 30 hours

**CEUs Awarded:** 3.0 CEUs

### Overview:

If you're looking for a way to differentiate your resume from other administrative professionals, consider becoming a Certified Professional Secretary® (CPS®) or a Certified Administrative Professional® (CAP®). Offered by the International Association of Administrative Professionals, these two ratings are verifiable proof that your skills are up-to-date, and that you are capable of handling a wide range of duties. This course is designed to help CPS and CAP certification holders stay current. This course teaches a practical approach to all types of filing systems and their complexities, and the student will learn to apply the Association of Records Managers and Administrators (ARMA) guidelines for storing records and rules of filing.

### Target Audience:

All Certified Professional Secretaries and Certified Administrative Professionals nationwide and internationally must recertify every five years to maintain their CPS and CAP ratings. This course not only meets a statewide need but a nationwide need for skilled administrators.

### Career Outlook and Benefits:

According to the US Department of Labor, Bureau of Labor Statistics, employment of secretaries and administrative assistants is expected to increase by 11 percent between 2008 and 2018. Job opportunities should be best for applicants with extensive knowledge of computer software applications, with experience as a secretary or administrative assistant, or with advanced communication and computer skills. In May 2009, the median annual wage of executive secretaries and administrative assistants was \$44,010. Tennessee leads the nation with the most active CPS holders and is one of the top ten states with the most active CAP holders. CPS and CAP certification is nationally recognized and is a highly sought qualification by executives, organizations, universities and state governments. Check with your employer for salary treatment policies regarding CPS and CAP certification.
