CASE MANAGEMENT: DOCUMENTING A CRIMINAL FOR PROSECUTION: ROCE 8104

Course Length: 2 hours, self-paced

CEUs Awarded: 0.2 CEUs

Endorsements:

Satisfies Tennessee POST (Police Officer Standards Training) in-service requirements

Overview:

This course is designed to address how to prepare a final case report for use in the criminal prosecution of a suspect. The focus is to provide the student with hands-on practical techniques that will enhance his/her ability to compile a quality criminal case for use by the District Attorney General. This course addresses law enforcement's need for continued investigative training. The purpose of this course is to provide the criminal investigator with a concise and uniform approach to preparing a case for prosecution.

Target Audience:

This course is designed for any Tennessee Law Enforcement Officer who must attend annual in-service training. This course is also applicable for the supervisor who must approve case reports.

Career Outlook and Benefits:

According to the Bureau of Labor Statistics, Tennessee Department of Labor, the median income for a police identification and records officer is \$44,540. A large number of Tennessee law enforcement officers work for small- to medium-size agencies. Within these agencies, devoting a week to in-service training where each officer is taken away from his normal duties causes significant problems in maintaining staffing levels, budgets, and in general, providing adequate public safety to the citizens of Tennessee. The delivery of in-service training via Regents Online Continuing Education would assist law enforcement administrators in fulfilling their duty to the public, while providing the individual officer with quality training that meets state mandated training requirements.

This course is a 2-hour component of a 32-hour in-service online self-directed program for law enforcement officers in the state of Tennessee. The course can be taken independently or as part of an approved curriculum to satisfy Tennessee POST (Police Officer Standards Training) in-service requirements.

Hardware & Software Requirements:

You will need the following: Computer with Internet access, the ability to use Microsoft Word '98 version or higher, web navigation skills and email skills.

Textbook Requirements:

No textbooks are required. All reading and reference material will be supplied in the course.

Course Dates:

Course can be taken anytime between Jan. 1 - May 31, 2011

Registration Dates:

Open enrollment from Jan. 1 - May 31, 2011

Course Fee:

\$36

Payment: Cash, Mastercard or Visa Credit Card, Check, Money Orders accepted
