DOMESTIC VIOLENCE FOR EMS: ROCE 8113

Course Length:

2 hours

CEUs Awarded:

0.2 CEUs

Overview:

Domestic violence is frequently encountered by law enforcement officers, firefighters, and emergency services personnel. This course will give students a working knowledge of domestic violence as it applies on the job. It addresses the minimum knowledge needed to respond to domestic violence incidents and is not an in-depth analysis on investigations or treatment of the problem. This course is structured to meet in-service training requirements for domestic violence.

Target Audience:

This course is designed for firefighters, Emergency Services Personnel (EMT/EMS), victim service providers and others in the healthcare field.

Hardware & Software Requirements:

You will need the following:

- computer with Internet access
- the ability to use Microsoft Word '98 version or higher
- web navigation skills and email skills

Textbook Requirements:

No textbooks are required. All reading and reference material is supplied in the course.

Course Dates:

January 7 - June 3, 2013

Registration Dates:

January 7 - June 3, 2013

Course Fee:

\$36

Payment:

Cash, Mastercard or Visa Credit Card, Check, Money Orders accepted
