## DOSAGE CALCULATIONS FOR NURSES : ROCE 5211

**Course Length:** 36 hours

**CEUs Awarded:** 3.6 CEUs

### Overview:

This course is designed to provide students with a comprehensive overview of dosage calculations - a vital part of the nurse's role in providing safe medication administration to patients. This course serves to ensure that the patient receives the accurate dose of each medication. Supervisors want to be assured that the dose ordered by the healthcare provider is accurately calculated using the dosage form available and the dosage ordered. The course will allow students to choose what method of dosage calculations work for them and will make the students more comfortable with performing dosage calculations.

### Target Audience:

This course is intended for LPN students, RN students, and licensed nurses. Students waiting to get into a nursing program can take this course and brush up on their math skills before they start nursing classes. Students who do not satisfactorily complete the math classes in their nursing program can take this course for remediation. It can also serve as a refresher course for licensed nurses.

### Career Outlook and Benefits:

According to the US Department of Labor, Bureau of Labor Statistics, overall job opportunities for nurses are expected to be excellent, with some employers reporting difficulty in attracting and retaining an adequate number of registered nurses.

This course will help students review math skills needed to complete a nursing program. If you think you might need to brush up on your math skills before entering a nursing program, this online course is designed to allow you to work at your own pace and your own time to prepare for the next step in your education.

### Hardware & Software Requirements:

You will need the following: Computer with Internet access, the ability to use Microsoft Word, web navigation skills and email skills.

### Textbook Requirements:

Visit <http://rodp.bkstr.com> for textbook information.

### Course Dates:

May 7 - August 31, 2012

### Registration Dates:

April 2 - July 9, 2012

### Course Fee:

\$288

### Payment:

Cash, Mastercard or Visa Credit Card, Check, Money Orders accepted
