RODP-2

Master of Science in Nursing Regents Online Degree Program

ATTEND TENNESSEE'S TOP PUBLIC HIGHER EDUCATION SCHOOLS ONLINE.

The Master of Science in Nursing-Regents Online Degree Program (MSN-RODP) brings college to you – at home, at work, on the road, at the library or on vacation; anytime of day and night, including weekends. No more long waits in lines or hours away from your job and family. No commuting, no parking fees, no searching for parking spaces. No more fees and arrangements for babysitting. Plan your education around your schedule, family activities and job demands. You can even register online, purchase your books online, and go to the library online.

MSN-RODP allows you access to high-quality, affordable, student-centered nursing education opportunities, thanks to the cooperative efforts of the six Tennessee

Board of Regents universities.

MSN-RODP is for working, baccalaureate-prepared, registered nurses. MSN-RODP offers access to web-based courses and degree programs from your home computer or laptop.

MSN-RODP concentrations: Nursing Education, Nursing Administration, Nursing Informatics, Advanced Practice (Family Nurse Practitioner, Holistic Nursing).

You will receive the same certificate and degree as on-campus students. Your transcripts and diploma will not show whether you were online or on campus.

MSN-RODP. It's your high-tech, low-cost way to graduate education in Nursing. So no matter what life throws your way, you can still invest in your future — and yourself.
